HAVE YOU SIGNED THIS PETITION YET?

CONSUMER RIGHT TO KNOW - ONE MILLION IN =D598 CAMPAIGN

PETITION TO SECURE THE MANDATORY LABELING OF ALL GENETICALLY ENGINEERED

=

FOODS

Submitted to the President of the United States, Congress, USDA and FDA

New substances are being introduced into our foods via a technology called =

genetic engineering. A growing number of scientists and physicians are

=

voicing concern over the possible health and environmental risks from = these foods. Current laws and policies do not require the food industry

=

to label these new genetically engineered foods. Without labels consumers

=

lose the freedom to choose what they will eat and feed their families.

=

This petition upholds the right of consumers to make informed choices.

As a citizen of the United States of America, I strongly urge the passage

=

of legislation and policies to mandate the clear and accurate labeling of

=

all foods derived from, processed with, containing or consisting of =
